

# SAVE THE DATE

**Date:** 21 - 23 Nov 2023  
**Location:** Majoor Jan Linzel Complex (MJLC) – The Hague, The Netherlands  
**Subject:** **NATO C2COE Annual Seminar 2023**

***Join us for a glimpse into the future of NATO decision-making, starting by saving the date for our annual Command and Control seminar 2023!***

Every year, the NATO Command and Control Centre of Excellence (NATO C2COE) organizes a seminar on a particular aspect of Command & Control (C2) and military decision making.

This year's edition with the theme '**The future of NATO decision-making**', will take place from **21-23 of November 2023** at the Majoor Jan Linzel Complex (MJLC) – The Hague, The Netherlands.

The seminar will focus on the increasing complexity of decision-making for those involved in military operations and explore current methods and challenges. It will deliberate on the future trends, ambiguities and necessary measures. It is a forum where experts, academics, and operators can offer their perspectives, and an interested audience can discuss the opportunities and obstacles involved in decision-making on the battlefield of the future. This to strengthen the alliance and make our warfighting future-proof.

I invite you to participate in the seminar by either attending or presenting on a topic that aligns with the overarching theme. Your contribution can take the form of a speech, presentation, article, or demonstration and is highly appreciated.

If you have any questions or would like to make a contribution related to this announcement, please feel free to contact *LTC Hendrik ten Hoeve* (OPR) or *MAJ Bert Bouchier* (DOPR) who are the designated points-of-contact for this event.

We are looking forward to meet you during the seminar and we will announce further details concerning registration and the agenda later this month.

Sincerely,

M.P. Groeneveld, Msc
